Dear Rory,

I am sorry that my thank you for your very generous donation has been delayed, I had a few days away from the office and some holiday to take.

Thank you very much for supporting Mel Greaves work at the Institute of Cancer Research, if anyone is going to stop childhood leukaemia in its track, it will be Mel and his team.

We are so grateful for your courage and determination to help others even though you have had such a tragic family experience of leukaemia.

I will be in touch from time to time to let you know how the programme is progressing.

Kind regards,

*Cathy*
